Hi Chris,

[REDACTED] talked to US Ecology today and they will be able to send us 3 trucks tomorrow. I gave him the green light to send us 3, but if you have any problems with that, please let us know and we can cancel that third truck. Just wanted to keep you in the loop. Thanks!

Yes. But we don't want to schedule all trucks on the same day. We cannot excavate today, too wet

But we will have to rad screen the soil underneath the pile. We are NOT disposing of the soil on the south side of the truck entrance with this shipment. PCB levels are too risky

Please get with [REDACTED] regarding recommended number of trucks and schedule

Thank you
Chris
